Large Numbered Floating Swimming Pool Thermometer

The attractive blue and white floating swimming pool thermometer has an easy to read display and measures water temperature from 0 to +40°C. The thermometer is 390mm high x Ø120mm, weighs 580 grams and is supplied complete with a fastening rope.

Order Code	Description
801-003	Swimming Pool Thermometer

Digital Floating Swimming Pool Thermometer

The floating pool/bath waterproof thermometer is ideal for monitoring the temperature of swimming pools, spa baths and ponds. The thermometer will sample the temperature once every second and indicates temperature over the range of 0 to +50°C or +32 to +122°F with 0.1°C or 0.1°F resolution.

Order Code	Description
801-000	Digital Pool Thermometer

Shower Thermometer eliminates the dangers of scalding

The shower thermometer will display the real time and incorporates a programmable, audible temperature alert function that warns the user when the temperature exceeds a pre-set temperature. The unit is powered by a 3 volt lithium coin cell battery with a life expectancy of approximately 1 year

Order Code	Description
801-002	Swimming Pool Thermometer

Swimming Pool Test Strips

3 pad Swimming Pool Test strip available in Vial of quantity 50 strips

Free Chlorine reads 0, 1, 3, 5, 10 ppm

Alkalinity reads 0, 50, 100, 180, 270, 360 ppm

pH reads 6.4, 6.8, 7.2, 7.6, 8, 8.4

Order Code	Description
Pool 100	Swimming Pool Test Strip

Water PAL Tester

The Water PAL pocket tester measures total dissolved solids (TDS) in water from 0 to 800ppm with a resolution of 1ppm and accuracy of ±2% of full scale.

The easy to use and lightweight Water PAL can be used to quickly measure and verify water purity before and after processing.

The readings are automatically compensated over the operating range of 0 to +50°C. The battery life is 100 hours.

Order Code	Description
813-517	Water Pal Tester 0 to 800 ppm
