

# Oven Thermometers

easy to read bi-metal & spirit-filled

## oven thermometers

These stainless steel oven thermometers feature clear dials with colour-coded zones. The green marker indicates the minimum temperature that commercial hot food display units should be kept at. The thermometers indicate temperature over the range of 0 to 300 °C (800-809) and 50 to 300 °C (800-931) both in 10 °C divisions.

The units can be free-standing or hung from a shelf and should be positioned in the middle of the oven or appliance for the most accurate temperature reading.

order code	description
800-809	Ø55 mm dial oven thermometer
800-931	Ø50 mm dial oven thermometer

## horizontal oven thermometer

LOWER PRICE!

This stainless steel, spirit-filled, oven thermometer indicates temperature over the range of ambient to 275 °C in 10 °C increments. The thermometer case measures 35 x 60 x 125 mm.

The horizontal oven thermometer can be free-standing or hung from a shelf. The oven thermometer should be positioned in the middle of the oven for the most accurate temperature reading.

# Oven Timer & cooking thermometer

- ✓ dual display - temperature & countdown timer
- ✓ high temperature detachable probe

The combined clock, countdown timer and thermometer displays both the actual and the alarm temperature over the range of 0 to 300 °C and simultaneously the countdown or the actual time.

The timer will count down or up from/to 23 hours, 59 minutes and 59 seconds and the real time clock will display the time in either a 12 or 24-hour format.

The oven thermometer features an audible high alarm that can be set from the simple to use seven-button keypad. The alarm temperature is continuously displayed. The unit is designed to sit on a worktop or can be attached to an appliance via the magnetic pads at the rear of the instrument.

The thermometer is supplied with a high temperature probe and a two metre stainless steel braided lead. The probe has an insertion length of 150 mm (Ø4 mm) and incorporates a reduced diameter tip to aid response time.

specification	oven thermometer & timer
range	0 to 300 °C
resolution	1 °C/°F
accuracy	±2 °C (0 to 200 °C)
battery	1.5 volt AAA
battery life	5000 hours
sensor type	thermistor
display	triple custom LCD
dimensions	21 x 75 x 128 mm
weight	89 grams

# Timers

## count up/down & countdown

### count up/down timers

These digital count up/down timers incorporate a louder than average audible alarm.

The timers are fully programmable via three, easy to use push buttons, allowing the user to set the time up to 99 minutes and 59 seconds or 19 hours and 59 minutes. The timers are powered by a single AAA battery.

Each timer incorporates a pocket clip/foot stand.

806-110	hours & minutes timer

### waterproof countdown timer

This countdown timer offers IP65 waterproof protection. The large digital display and loud audible alarm, with variable volume control, is ideal in busy professional kitchens. The countdown timer is programmable via the keypad, allowing the user to set times up to 99 hours, 99 minutes and 99 seconds. The timer incorporates magnetic pads and a keyhole slot for wall-mounting or attaching to an appliance. The unit is powered by a single AAA battery.
