

Pocket-sized Thermometers

economical & easy to use

pen-shaped thermometer

This compact thermometer measures temperature over the range of -49.9 to 149.9 °C. The thermometer features a Ø3.5 x 120 mm stainless steel penetration probe. The instrument incorporates a °C/°F switch and a display hold feature. Each unit is supplied with a probe cover that incorporates a pocket clip.

specification	pen-shaped
range	-49.9 to 149.9 °C
resolution	0.1 °C/°F
accuracy	±1 °C
battery & battery life	1.5 volt LR44 - 5000 hours
display	6 mm LCD
dimensions	17 x 20 x 190 mm
weight	15 grams

order code	description
810-260	pen-shaped

T-shaped thermometer

This compact thermometer measures temperature over the range of -49.9 to 149.9 °C. The thermometer features a Ø3.5 x 120 mm stainless steel penetration probe. The instrument incorporates a °C/°F switch and a display hold feature. Each unit is supplied with a probe cover that incorporates a pocket clip.

specification	T-shaped
range	-49.9 to 149.9 °C
resolution	0.1 °C/°F
accuracy	±1 °C
battery & battery life	1.5 volt LR44 - 5000 hours
display	6 mm LCD
dimensions	20 x 58 x 145 mm
weight	15 grams

order code	description
810-265	T-shaped

water resistant thermometer

This pocket-sized, water resistant, max/min, thermometer features a pointed, stainless steel (Ø3.5 x 120 mm), food penetration probe.

The unit measures temperature over the range of -49.9 to 199.9 °C with a resolution of 0.1 °C/°F.

The thermometer features three easy to use buttons with max/min, °C/°F and on/off. Each unit is supplied with probe cover that incorporates a pocket clip.

specification	water resistant
range	-49.9 to 199.9 °C
resolution	0.1 °C/°F
accuracy	±1 °C (-20 to 150 °C)
battery & battery life	1.5 volt LR44 - 5000 hours
display	8.5 mm LCD
dimensions	Ø40 x 17 x 170 mm
weight	28 grams

order code	description
810-270	water resistant

pen-shaped thermometer

This compact, pen-shaped thermometer is housed in a robust, soft-touch, ABS case that incorporates a pocket clip. The thermometer features a max/min memory function and low battery indication.

The Ø3.5 x 120 mm pointed stainless steel penetration probe is ideal for a wide variety of applications. Each thermometer is supplied complete with a probe cover.

specification	pen-shaped
range	-50 to 149.9 °C
resolution	0.1 °C (-19.9 to 149.9 °C) or 1°C
accuracy	±1 °C (-30 to 150 °C)
battery & battery life	1.5 volt LR44 - 3000 hours
display	7 mm LCD
dimensions	22 x 30 x 215 mm
weight	30 grams

order code	description
810-300	pen-shaped

Waterproof Thermometers

robust & heavy duty

- ✓ max/min memory & display hold functions
- ✓ strong robust stainless steel probe

These easy to use, digital T-shaped waterproof thermometers offer IP66/67 protection. The thermometers incorporate a probe that is ideal for heavy duty applications.

The T-shaped waterproof thermometers measure temperature over the range of -49.9 to 149.9 °C with a 0.1 °C resolution.

Each unit is housed in a robust polycarbonate case with a strong, stainless steel, penetration probe. The probe measures Ø5 x 125 mm or 300 mm with a reduced tip (Ø3.5 x 20 mm) to improve response time.

The waterproof thermometers feature a max/min memory and display hold function.

order code	description
810-285	T-shaped - 125 mm probe
810-287	T-shaped - 300 mm probe

specification	810-285	810-287
range	-49.9 to 149.9 °C	
resolution	0.1 °C	
accuracy	±1 °C	
battery	1.5 volt LR44	
battery life	5000 hours	
display	12 mm LCD	
dimensions	30 x 88 x 170 mm	30 x 88 x 345 mm
